

## **ERIC STICE, PH.D.**

OREGON RESEARCH INSTITUTE  
1776 MILLRACE DRIVE  
EUGENE, OR 97403  
541.484.2123  
ESTICE@ORI.ORG

### **PROFESSIONAL TRAINING AND EXPERIENCE**

- 2012 Scientific Director, Department of Medical and Clinical Psychology, Darnall Army Medical Hospital Fort Hood, Texas
- 2009 Erskine Fellow, Department of Psychology, University of Canterbury, New Zealand
- 2005- Faculty Member, Imaging Research Center, University of Texas at Austin
- 2004- Courtesy Research Associate, Department of Psychology, University of Oregon
- 2004-10 Research Professor, Department of Psychology, University of Texas at Austin
- 2003- Senior Scientist, Oregon Research Institute
- 2002-04 Associate Professor (tenured), Department of Psychology, University of Texas at Austin
- 2001 Visiting Assistant Professor (Summer), Department of Psychology, University of Washington
- 2000 Visiting Fellow (Summer), Department of Psychiatry, University of Oxford
- 1999 Visiting Assistant Professor (Summer), Department of Psychiatry, Stanford University
- 1998-02 Assistant Professor, Department of Psychology, University of Texas at Austin
- 1996-98 Post-Doctoral Fellow, Department of Psychiatry, Stanford University
- 1995-96 Psychology Intern, Department of Psychiatry, University of California San Diego
- 1992-93 Psychology Extern, Arizona State Hospital

### **EDUCATION**

- 1996 Ph.D. in Clinical Psychology, Arizona State University
- 1992 M.A. in Clinical Psychology, Arizona State University
- 1989 B.S. in Psychology, University of Oregon (Summa Cum Laude)

### **GRANTS AND AWARDS**

**Total grants and awards = 27**

**Total funding = \$38,366,419**

Investigator Initiated Research Grant (R01), Effectiveness Trial of a Dissonance-Based Obesity Prevention Program. Principle Investigator. Total costs = \$3,013,400. 8/12-7/17

Investigator Initiated Research Grant (R01), An fMRI Test of the Dynamic Vulnerability Model of Obesity: Risk Factor Plasticity. Principle Investigator. Total costs = \$3,550,044. 5/12-4/17

Investigator Initiated Center Project Program, Uniformed Services University, Health Sciences Division. Preventing obesity at multiple levels in military populations. Co-Investigator. Total costs = \$2,100,000. 9/11-8/14.

Investigator Initiated Research Grant (R01), National Institutes of Health. Eating Disorder Prevention: An effectiveness trail for at-risk college students. Principal Investigator. Total costs = \$2,494,217. 4/10-3/15

- Investigator Initiated Research Grant (R01), National Institutes of Health. Relation of Consummatory and Anticipatory Food Reward to Obesity. Co-Principal Investigator. Total costs = \$3,472,383. 8/09-7/14.
- Investigator Initiated Research Grant (R01), National Institutes of Health. Effectiveness Trial of an Adolescent Depression Prevention Program. Co-Investigator. Total costs = \$2,589,946. 1/09-11/13.
- National Research Service Award (F31), Individual Pre-Doctoral Fellowship from the National Institute of Mental Health. Neural Substrates of Emotional Eating. Principal Investigator/Mentor. Total costs = \$116,607. 6/08-5/11.
- Administrative Supplement. National Institutes of Health. Eating Disorder Prevention Program: Long-Term Follow-up. Principal Investigator. Total Costs = \$50,000. 3/08-2/09.
- Investigator Initiated Research Grant (R01), National Institutes of Health. Targeted Obesity Prevention Program for Adolescent Females. Principal Investigator. Total costs = \$3,389,441. 2/07-1/12.
- Minority Training Supplement, National Institute of Mental Health. Principal Investigator/Mentor. Total costs = \$138,602. 7/06-6/08.
- Investigator Initiated Research Grant (R01), National Institutes of Health. An Evaluation of an Obesity Prevention Program for College Women. Co-Investigator. Total costs = \$2,876,659. 5/06-4/11.
- Roadmap Supplement for Interdisciplinary Research in Behavioral and Biological Sciences. National Institutes of Health. Neural Substrates of Dieting: A Potent Risk Factor for Bulimia Nervosa. Principal Investigator. Total Costs = \$183,330. 11/05-10/06.
- Investigator Initiated Research Grant (R01), National Institutes of Health. Eating Disorder Prevention Program Effectiveness Trial. Principal Investigator. Total costs = \$1,715,625. 3/05-4/10.
- Minority Training Supplement, National Institute of Mental Health. Principal Investigator/Mentor. Total costs = \$101,039. 7/04-3/06.
- Minority Training Supplement, National Institute of Mental Health. Principal Investigator/Mentor. Total costs = \$112,230. 3/04-4/06.
- Investigator Initiated Research Grant (R01), National Institutes of Health. Depression Prevention Program for High-Risk Adolescents. Principal Investigator. Total costs = \$1,548,338. 6/04-5/09.
- Infrastructure Support Proposal, Office of National Drug Control Policy. University of Texas Graduate Education and Research in Illicit Drug Addiction. Co-Investigator. Total costs = \$6,836,446. 5/03-4/06.
- Investigator Initiated Research Grant (R01), National Institute of Health. Risk and Maintenance Factors for Bulimic Pathology. Principal Investigator. Total costs = \$1,676,734. 8/02-7/07.

National Research Service Award (F31), Individual Pre-Doctoral Fellowship from the National Institute of Mental Health. Testing the Affect-Expectancy Model of Bulimic Pathology. Principal Investigator/ Mentor. Total costs = \$105,100. 6/02-5/05.

Investigator Initiated Research Grant, E. Hogg Foundation for Mental Health. Depression Prevention Program for Adolescents. Principal Investigator. Direct costs = \$58,519. 1/02-8/03.

Minority Training Supplement, National Institute of Mental Health. Principal Investigator/Mentor. Total costs = \$18,390. 8/01-7/02.

Investigator Initiated Research Grant (R01), National Institute of Mental Health. Test of a Dissonance Eating Disorder Prevention Program. Principal Investigator. Total costs = \$1,312,500. 2/01-1/07.

National Research Service Award (F31), Individual Pre-Doctoral Fellowship from the National Institute of Mental Health. Gender-Specific Risks for Depression in Adolescent Girls. Principal Investigator/ Mentor. Total costs = \$94,544. 9/00-8/04.

National Research Service Award (F31), Individual Post-Doctoral Fellowship from the National Institute of Mental Health. A Targeted Eating Disorder Prevention Program. Principal Investigator/Mentor. Direct costs = \$112,500. 8/00-8/03. Trainee had to decline award.

Investigator Initiated Research Grant, E. Hogg Foundation for Mental Health. Texas Body Acceptance Project. Principal Investigator. Total costs = \$36,409. 1/00-6/01.

Research Scientist Career Award from the National Institute of Mental Health. Etiology of Bulimic Pathology: Multimethod Investigation. Principal Investigator. Total costs = \$650,408. 8/98-8/03.

## **FELLOWSHIPS**

National Research Service Award, Institutional Post-Doctoral Fellowship from the National Institute of Mental Health, Department of Psychiatry, Stanford University School of Medicine. Trainee. 7/96-7/98.

National Research Service Award, Individual Pre-Doctoral Fellowship from the National Institute of Drug Abuse. Department of Psychology, Arizona State University. Differential Prediction of Substance Use and Problem Use. Trainee. Direct costs = \$13,008. 9/94-7/95.

Dissertation Research Fellowship, Arizona State University. 8/94-6/95.

National Research Service Award, Institutional Pre-Doctoral Fellowship from the National Institute of Mental Health. Preventive Intervention Research Center, Arizona State University. Trainee. 6/93-8/94.

## **HONORS**

Phi Beta Kappa (1988)

Psi Chi (1988)

Junior Scholar Award from the Mortar Board Honor Society (1988)

Dean's List and Dean's Scholar List, University of Oregon (1988,1989)

Graduated Summa Cum Laude from the University of Oregon (1989)

Graduated with Honors from the University of Oregon Psychology Department (1989)

Distinguished Scientific Award for Early Career Contributions to Psychopathology, American Psychological Association (2004)

Nan Tobler Award for Review of the Prevention Science Literature, Society for Prevention Research (2008)

Lori Irving Award for Excellence in Eating Disorder Prevention and Awareness, National Eating Disorders Association (2012)

Basic Science Abstract Award for Excellence in Obesity Research, Obesity Society (2012).

## **PEER-REVIEWED PUBLICATIONS**

**Total publications =185**

**Total social science citation count excluding self-citations = 8005 (h factor = 51)**

Carr, K., Lin, H, Fletcher, K., Sucheston, L., Singh, P., Salis, R., Erbe, R., Faith, M., Allison, D., Stice, E., & Epstein, L. (in press). Two functional serotonin polymorphisms moderate the effect of food reinforcement on BMI. *Behavioral Neuroscience*.

Stice, E., Burger, K., & Yokum, S. (in press). Caloric deprivation increases responsivity of attention and reward regions to intake, anticipated intake, and images of palatable foods. *NeuroImage*.

Stice, E., Figlewicz, D., Gosnell, B., Levine, A., & Pratt, W. (in press). The contribution of brain reward circuits to the obesity epidemic. *Neuroscience and Biobehavioral Reviews*.

Stice, E., Marti, N., & Rohde, P. (in press). Prevalence, incidence, impairment, and course of the proposed DSM-5 eating disorder diagnoses in an 8-year prospective community study of young women. *Journal of Abnormal Psychology*.

Stice, E., Rohde, P., Durant, S., Shaw, H., & Wade, E. (in press). Effectiveness of peer-led dissonance eating disorder prevention groups: Results from two randomized trials. *Behaviour Research and Therapy*.

Stice, E., Yokum, S., & Burger, K. (in press). Elevated reward region responsivity predicts future substance use onset but not overweight/obesity onset. *Biological Psychiatry*.

Stice, E., Rohde, P., Shaw, H., & Marti, N. (2013). Efficacy trial of a selective prevention program targeting both eating disorders and obesity among female college students: 1- and 2-year follow-up effects. *Journal of Consulting and Clinical Psychology, 81*, 183-189.

Bohon, C., & Stice, E. (2012). Negative affect and neural response to palatable food intake in bulimia nervosa. *Appetite, 58*, 964-970.

Burger, K., & Stice, E. (2012). Frequent ice cream consumption is associated with reduced striatal response to receipt of an ice cream-based milkshake. *American Journal of Clinical Nutrition, 95* 810-817.

Gau, J., Stice, E., Rohde, P., & Seeley, J. (2012). Negative life events and substance use moderate cognitive-behavioral adolescent depression prevention intervention. *Cognitive Behaviour Therapy, 41*, 241-250.

Huh, D., Stice, E., Shaw, H., & Boutelle, K. (2012). Female overweight and obesity in adolescence: Developmental trends and ethnic differences in prevalence, incidence, and remission. *Journal of Youth and Adolescence, 41*, 76-85.

Müller, S., & Stice, E. (2013). Moderators of the intervention effects for a dissonance-based eating disorder prevention program: Results from an amalgam of three randomized trials. *Behaviour Research and Therapy, 51*, 128-133.

- Ochner CN, Stice E, Hutchins E, Afifi L, Geliebter A, Hirsch J, Teixeira J. (2012). Relation between changes in neural responsivity and reductions in desire to eat high-calorie foods following gastric bypass surgery. *Neuroscience*, 209, 128-135.
