**Testimonials from Normandy Scholars**

“Applying to and participating in the program has easily been the best decision of my college career. Everyday in class I was challenged in a new way, whether it was tackling the question of collaboration or trying to comprehend the war’s most inhumane aspects. The opportunity to develop an intellectual and fraternal community among nineteen other students and five amazing professors isn’t something many undergraduates get to experience. Even more rewarding is the chance to travel to Europe with this group and truly bring history to life.”

— Andrew Wilson, Plan II

“The Normandy Scholar Program was the best semester I have had at UT. Learning from some of UT’s best professors in a classroom with only 20 students is such a unique opportunity. The professors are so passionate about what they are teaching that it motivates you to keep up with the rigorous coursework. The friendships that develop while taking classes together only get stronger once on the Europe trip. Getting to travel to Europe to see what you have spent an entire semester learning about is so rewarding.”

— Caroline Corcoran, Government, French, History (Liberal Arts Honors)

**Program Costs**

There is a $2,500 program fee that covers lodging, ground transportation and other program costs in Europe. Students pay for their airline tickets, tuition and fees for all UT courses. Additional expenses include fees for medical insurance, passport, food, and emergency funds.

Scholarship funds will be made available from the program based on need. Although the budget has not been set for next year, in the past the NSP has provided each student who applies for financial aid with a minimum of $1000 in stipends to help cover the costs of the program. Some students have received much more.
