**Former Congressman Mickey Edwards visiting Joynes - get a free book!**
 Thursday, October 18 at 7 p.m.
Joynes Reading Room

On Thursday, October 18th, at 7 p.m., former U.S. Congressman Mickey Edwards will visit the Joynes Reading Room to discuss the current election and his new book, entitled *The Parties Versus The People: How to Turn Republicans and Democrats into Americans*. Edwards represented Oklahoma’s 5th District in the U.S. House of Representatives for 16 years, and served on the Budget and Appropriations Committees. He is now director of the Aspen Institute, a nonpartisan think tank. He has taught graduate courses on politics and government at Harvard, Princeton, and George Washington University. A limited number of copies of *The Parties Versus The People* are available for free to honors students who commit to attend his Joynes lecture. To claim a free copy of the book, inquire in person at the front desk of the Joynes Reading Room (CRD 007). For other questions about this event, call 512-471-5787 or write to mvvalentine@austin.utexas.edu.

**Plan II Parliamentary Debate Society first meeting**
Tuesday, October 23 from 7 - 8:30 p.m.
Wednesday, October 24 from 8:30 - 10 p.m.
African American Culture Room (4.110), Texas Union

The Plan II Parliamentary Debate Society is a new student organization. The first meeting will be in Joynes from 7:00-8:30 pm on Tuesday, October 23, and Wednesday, October 24 from 8:30-10:00 pm in the African American Culture Room, 4.110 in the Texas Union (you only need to attend one session; please note the different meeting times and locations).

Parliamentary debate is a partnered, limited-preparation competition where teams receive a current topic (e.g. marijuana legalization) and side 20 minutes prior to a debate. Teams will have the opportunity to attend a small number of highly competitive tournaments (such as NPDA Nationals).

Time commitment for this organization is minimal but the few meetings we hold are significant. There is no participation requirement. ALL students are welcome; please invite anyone who would enjoy bringing something to this organization. The first meeting will cover introductory information – explaining parliamentary debate, partnerships, funding, and registration for our first tournament.

RSVP to co-presidents David Engleman and Zachary Stone at planiparliamentarydebate@gmail.com if you plan to attend (state which time you will more likely attend) or would like more information but cannot attend either meeting.

 Thursday, October 18 at 7 p.m.
Union Quadrangle Room

Please join The White Rose Society and Orange Jackets for a screening of "It's a Girl" on Thursday, October 18 at 7pm in the Union Quadrangle Room. "It's a Girl" is a documentary that discusses the estimated 200 million girls who are "missing" a year and are presumably victims of gendercide. Gendercide is the deliberate and systematic destruction, in whole or in part, of a specific gender. This documentary looks into the reasoning behind gendercide and preventative measure that can be taken. The film tells the stories of abandoned and trafficked girls, of women who suffer extreme dowry-related violence, of brave mothers fighting to save their daughters’ lives. http://www.facebook.com/events/450074201695386/

Plan II Costa Rica Study Abroad Maymester Program

Apply by: Thursday, November 1

The Plan II Honors Program is proud to again offer this program, Land Use Issues in Rainforest Conservation, in May 2013 to students interested in understanding the complex issues surrounding rainforest conservation. Costa Rica is renowned for its ecological diversity and extensive reserves. However, the country faces serious economic and public policy issues in the conservation of its treasured rainforest. Students will be challenged to consider the many different factors affecting land use in Costa Rica during a Spring 2013 one hour seminar course, four weeks of field work in Costa Rica (May-June 2013), and through independent research. The program provides hands-on experience as well as immersion into the context of the question. Students will interact with the local population and governmental agencies, as well as with visiting international students and researchers. The issue of sustainable conservation requires an understanding of biology, environmental science, business, political science, sociology, anthropology and economics, so this program is well-suited to students with interdisciplinary interests. For students wanting more, this program will lay the ground work for subsequent in-depth study abroad and for some students’ honors theses.

For more information attend one of the information sessions listed below and visit the Costa Rica Maymester page on the Plan II website: http://www.utexas.edu/cola/progs/plan2/current_stdnts/abroad/costa-rica.php

- The text of submitted newsletter items (including job and internship postings) must be fewer than 150 words, not including headline and contact information. Please edit your entries to this length before submission. An overly lengthy entry will be returned to its sender and will not appear until this standard is met.
- Send your news item to planinewsletter@austin.utexas.edu no later than 2 p.m. on Monday (for the Tuesday letter) or 2 p.m. on Thursday (for the Friday letter). The 2 p.m. deadline is final. Do not send your message to any other address. No one else can approve news items for inclusion in the Plan II newsletter and no other address will be used to receive entries.
