Plan II Harry Ransom Center Internships 2013-2014
Apply by: Monday, April 1 at 5 p.m.

Plan II offers an internship program at the Harry Ransom Center that is designed to provide advanced undergraduates with experience in the nature and operations of a major humanities research center. The experience gained by interns will benefit them in their own research projects, in possible graduate studies, and even as a career option in such fields as librarianship, museum studies, archival or curatorial work, as well as public affairs, marketing, public programming and event management.

Once selected, interns will choose from a variety of opportunities within the center. These vary from year to year, but will likely include:

- processing collections
- preserving collection materials
- planning exhibitions
- doing editorial and publicity work
- working on website enhancement projects
- marketing and public affairs

The internship will be for the entire academic year (fall 2013 and spring 2014 semesters). Interns are asked to commit to a particular department for at least one full semester. Most interns work in a single department the entire year, but some choose to change at semester break. Internships run for three months in the fall: September, October, and November; and three in the spring: February, March, and April.

The position is not benefits-eligible, but there is a stipend of $1500 per semester, for which the intern is expected to put in 10-hours of work each week. The student must be registered for a minimum of six hours of coursework during fall and spring to be eligible for the stipend.

An applicant should provide the following:
- one page resume,
- a letter from the student describing his/her interest and qualifications,
- a letter of recommendation from a UT faculty member or someone who knows the candidate’s professional qualification pertinent to this internship

Both letters should be addressed to Danielle Sigler, Curator of Academic Affairs, but should be attached to the resume and delivered to the Plan II Office (CLA 2.102).

THE STORY:
Seemingly comfortably ensconced in his charming Connecticut home, Sidney Bruhl, a successful writer of Broadway thrillers, is struggling to overcome a dry spell which has resulted in a string of failures and a shortage of funds. A possible break in his fortunes occurs when he receives a script from a student in the seminar he has been conducting at a nearby college—a thriller which Sidney recognizes immediately as a potential Broadway hit. Sidney's plan, which he devises with his wife's help, is to offer collaboration to the student, an idea which the younger man quickly accepts. Thereafter suspense mounts steadily as the plot begins to twist and turn with devilish cleverness, and with such an abundance of thrills and laughter, that audiences will be held enthralled until the final, startling moments of the play.

Dr. Lawrence Krauss on “A Universe from Nothing”
Tuesday, April 2 at 5 p.m.  
Hogg Memorial Auditorium

The Dean’s Scholars Distinguished Lecture Series is proud to present renowned theoretical physicist and science popularizer Dr. Lawrence Krauss in a free public talk.

Come listen as he explains how close physics has come to answering some of the universe's most fundamental questions, and even ask some questions of your own! Following his talk will be a Q&A session and a book signing.

Dr. Krauss will be speaking about his newest book, "A Universe from Nothing: Why There is Something Rather than Nothing." In it, he explains how the staggeringly beautiful observations and predictions of modern physics suggest that not only CAN something arise from nothing, something WILL always arise from nothing.

This intensive three-day grant proposal workshop is geared for: 1) those who wish to strengthen their grant writing skills and 2) beginners who wish to acquire and master the techniques of preparing, writing and winning proposals from various funding agencies. The center of attention will be on how to effectively write proposals in times of keen competition and limited resources. Much has happened in new regulations and in approaches to grant writing, be it for the researcher in the sciences and social sciences, education and non-profit professionals.

Participants Will Learn How to:
1. Navigate the world of grant procurement
2. Research and identify potential funding sources
3. Address the guidelines of federal and foundation applications
4. Find foundation and corporate giving source specific to the State of Texas
5. Understand the new federal guidelines for writing winning grants
6. Know the review process and how to address key points for reviewers
7. Write winning grants that stand out against scores of competing submissions
8. Develop focused and realistic budgets
9. Demonstrate that one's proposal merits excellence and innovation
10. Package professional grant submissions

Our ultimate goal is for each participant to walk away with a product specific to their interests that includes the grant design, abstract and budget. Thus, the opportunity to influence the future of your work and ideas is within your reach. Understanding this reality, institutions are willing to minimally invest in the training of their staff to make this happen.

Workshop Fee: $595.00 (including tuition, materials, certificate of completion, and continental breakfast)  
Rebate of $50.00 per person is given for two or more registrants from the same organization.

"Changing the Way Business Thinks About Energy"
Tuesday, April 16 from 11:30 - 1 p.m.

The AT&T Conference Center and Texas Enterprise invite you to "Changing the Way Business Thinks About Energy" on Tuesday, April 16, by Plan II alum, Michael Webber, Ph.D., Associate Professor at the Cockrell School of Engineering.

The world is evolving, and global energy demand is shifting to meet the needs of a more modernized society. At the same time, the U.S. is entering an era in which
markets, technologies and policies are enabling dramatic increases in production of oil, gas, wind, solar and bioenergy - in turn affecting global economies, the environment, and our national security posture. Professor Webber will identify the key trends that are reshaping the energy sector, including economic and population growth, industrialization, an expanding electrical grid, smarter energy systems, and a policy push for domestic, low-carbon, and renewable fuels.

The discussion will focus on how a newfound shift in economic philosophy is creating new business opportunities in the energy sector, allowing companies to increase profit margins while decreasing resource consumption - which will simultaneously boost the economy and protect the environment.

Tuesday, April 16 11:30 a.m. - 1:00 p.m.

Submitting to Plan2News

Please keep in mind that although Plan2News enjoys a substantial and diverse readership, its circulation is still relatively small. It should not be relied upon as the sole advertisement for a position or an event. To reach a wider audience, please use university-wide electronic and paper advertising outlets.

Personal and political announcements will not be published in Plan2News. Job and internships announcements must be sent to the Liberal Arts Career Services office, after which they may be considered for publication in the newsletter.

To place a news item in Plan2News, you must do the following:

- Type your news item in the body of an e-mail to planinewsletter@austin.utexas.edu.
- In the subject line, write “Plan2News” exactly.
- Give the name of a contact person with phone number or e-mail address.
- Provide an activity date or a deadline.
- Do not use “we” or “I.” Please write your submission in third person.
- Write in complete sentences and use correct grammar.
- News items will run until your deadline or through two issues of the newsletter if no deadline is provided.
- The text of submitted newsletter items (including job and internship postings) must be fewer than 150 words, not including headline and contact information. Please edit your entries to this length before submission. An overly lengthy entry will be returned to its sender and will not appear until this standard is met.
- Send your news item to planinewsletter@austin.utexas.edu no later than 2 p.m. on Monday (for the Tuesday letter) or 2 p.m. on Thursday (for the Friday letter). The 2 p.m. deadline is final.
