Course Description:

UTL101 provides students with early field experience in teaching and an introduction to the theory and practice that is necessary to design and deliver excellent instruction. Students attend a weekly seminar on the UT campus. **Students also attend seven school visits of one hour each and teach three lessons to the elementary students they observe.** The total is 10 days in the school for a total of 10 hours. The elementary classrooms are selected both for the diversity of the student body and for the quality of the classroom teacher who serves as a cooperating teacher. The cooperating teachers will work with the UTeach-LA students to improve their teaching abilities as the semester progresses. The cooperating teacher will remain in the classroom at all times and will provide immediate feedback on the quality of the UTeach-LA student's instruction. **Additionally, this course begins the teacher preparation sequence and therefore, emphasizes quality, timeliness, dependability, and professional behavior.**

Course Objectives:

UTL101 students will

- Assess whether they wish to pursue teaching as a profession.
- Determine their own learning style and relate the findings to the students they are and the teachers they may become.
- Develop an awareness of diverse student populations.
- Understand the concept of interactive lessons.
- Distinguish between learner-centered and teacher-centered instructional strategies.
- Discuss state and national standards and their value to curriculum issues.
- Examine various methods of assessment.
- Write performance objectives, lesson plans, and one assessment activity.
- Follow the UTL101 lesson plan format and deliver three lessons.
- Become reflective practitioners, using reflection to improve over time.
- Utilize technology to communicate, collaborate, and instruct.
- Understand and begin to practice the basic components of good classroom management.
- Exhibit positive expectations for all students.
- Serve as a role model by demonstrating clear communication, pleasant demeanor, interest in each individual student, and accurate content.
- Become familiar with teacher certification requirements, including course sequence, UTeach-LA portfolio requirements, state certification exams, and minimum grade point average to be eligible for apprentice teaching.

Field Experience:

- **10 hours:** You are responsible for seven hours of participatory visits and *three* lessons for a total of ten hours in the field. Normally the lessons will be less than an hour in length but the time period should be an entire hour. Work with the class or do other tasks that your CT requests during the additional time. For a lesson to be considered complete, three parts must be turned in: the lesson plan, the reflection on the lesson, and the lesson evaluation. Specific guidelines for 4 written observations and lessons will be provided as well as a schedule.
- Any absence from field experience must be made-up to successfully complete the course.
- Make initial contact with your cooperating teacher by email. A sample format is provided on Blackboard. **Copy me on this initial communication between you and your Cooperating Teacher.**
- Obtain the signature of your cooperating teacher on the observation and lesson verification form **each time** you observe or teach a lesson.
- The cooperating teacher will provide written evaluation at the end of each lesson taught on the form you provide. Submit the evaluation form to your UTL101 instructor at the next seminar.
- The cooperating teacher will submit a midterm and final evaluation of your progress.
- E-mail reflections on lessons, observation write-ups and other assignments to the UT instructor as listed on the detailed syllabus. Observation write-ups **thoroughly** describe the experience during field experience that day. Remember to keep hard copies of all documents for your portfolio. After emailing assignments, go to your sent file to make sure you have sent both the file **and** attachment. This puts the responsibility on you for proper communication.
- Know the check-in procedures for your assigned school. For security reasons most schools have a system guests must follow.
- Dress appropriately and professionally when going to schools.
- Immediately report any problems to the UT seminar instructor.
- Professional behavior is a must! Be on time and be prepared. **IF AN EMERGENCY ARISES, CAUSING YOU TO MISS YOUR SCHEDULED FIELD EXPERIENCE, NOTIFY YOUR COOPERATING TEACHER AND YOUR INSTRUCTOR IMMEDIATELY.** Do not miss your teaching assignment due to a transportation problem. *Be sure to reschedule and complete the missed lesson or observation (preferably within a week).* Your cooperating teacher, your students, and your instructor are counting on you!

Seminar Expectations:

- Regular attendance is important for success. **After the first absence from the seminar, 5 points will be deducted from the final grade for each additional absence.**
- Participate actively and positively in seminar discussions and activities.
- Turn in assignments on time. Certain assignments have specific due dates listed in the detailed syllabus. It is important that assignments be completed on time. This is an issue of professionalism and should be treated seriously. Assignments will be taken late for 24 hours only with a starting grade of 70%. After 24 hours, no late work will be accepted.
- Lessons must be taught within a window of time; however, all lesson plans must be submitted a minimum of 48 hours in advance of the lesson to both your cooperating teacher and me. Reflections must be submitted within 48 hours of teaching the lesson.
- Technology: UTL101 requires demonstration of basic computer literacy skills. As you progress through the UTeach-LA program, more advanced skills will be required and UTeach students will learn more about how to integrate technology into instruction. UTL101 will address the following competencies:
 1. Communications via e-mail, including attaching documents
 2. Word-processing
 3. Searching Web sites for new materials, educational resources, and school information

University Electronic Mail Notification Policy (Use of E-mail for Official Correspondence to Students)

All students should be familiar with the University's official e-mail student notification policy. It is the student's responsibility to keep the University informed as to changes in her or his e-mail address. Students are expected to check e-mail on a frequent and regular basis in order to stay current with University-related communications, recognizing that certain communications may be time-critical. It is recommended that e-mail be checked daily, but at a minimum, twice per week. The complete text of this policy and instructions for updating your e-mail address are available at <http://www.utexas.edu/lits/policies/emailnotify.html>. In this course, e-mail will be used as a means of communication with students. You will be responsible for checking your e-mail regularly for class work and announcements.

Core Values and Policy on Scholastic Honesty:

The core values of The University of Texas at Austin are learning, discovery, freedom, leadership, individual opportunity and responsibility. Each member of the University is expected to uphold these values through integrity, honesty, trust, fairness, and respect towards peers and community. Students who violate University rules on scholastic dishonesty are subject to disciplinary penalties, including the possibility of failure in the course and/or dismissal from the University. Refer to the Student Judicial Services website at <http://deanofstudents.utexas.edu/sjs/scholdis.php> to access official University policies and procedures.

Accommodations for Students:

The University of Texas at Austin provides upon request appropriate academic accommodations for qualified students with disabilities. For more information, contact the Dean of Students at 471-6259; 471-4641 TTY.

Emergency Evacuation Policy

Occupants of buildings on The University of Texas at Austin campus are required to evacuate buildings when a fire alarm is activated. Alarm activation or announcement requires exiting and assembling outside. Familiarize yourself with all exit doors of each classroom and building you may occupy.

Remember that the nearest exit door may not be the one you used when entering the building.

Students requiring assistance in evacuation shall inform their instructor in writing during the first week of class.

In the event of an evacuation, follow the instruction of faculty or class instructors. Do not re-enter a building unless given instructions by the following: Austin Fire Department, The University of Texas at Austin Police Department, or Fire Prevention Services office.
