Course Description:
UTL 360 will provide students with support for the student teaching experience and an in-depth application of the theory and practice that is necessary to design and deliver excellent instruction. Students attend a three-hour course on the UT campus as support for teaching on a middle school or high school campus. For UTL 670, students will begin teaching one to two classes then reach the maximum number of classes allowed after about three weeks. The cooperating teacher will work with the UTeach student to improve their teacher abilities as the semester progresses. The formative evaluation with the student teacher, cooperating teacher, and observer will be completed mid-way through the teaching experience. The summative evaluation with the student teacher, cooperating teacher, and observer will be completed at the end of the teaching experience.

Course Objectives:
Students will
- Implement instructional strategies that meet the needs of a diverse student population.
- Address curricular issues such as vertical and horizontal alignment, organization of content, and development of skills.
- Design and deliver interactive lessons.
- Prepare and implement learner-centered instructional activities.
• Focus on-time/on-task issues during instruction.
• Construct and implement a successful classroom management strategy appropriate for middle or high school students.
• Apply state and national standards when designing lessons.
• Analyze one’s own personality and learning style as it relates to teaching.
• Serve as a role model by demonstrating clear communication, pleasant demeanor, interest in each individual student, and accurate content.
• Design and teach lesson plans appropriate for the subject area observed.
• Demonstrate how and when to assess student performance.
• Become reflective practitioners using reflections to improve over time.
• Begin to prepare for state certification exams, professional development opportunities, and appraisal systems.
• Utilize technology to communicate, collaborate, investigate, and instruct.

Student Teaching Experience:
• You are responsible for teaching as many classes (minimum of 2) as you can during the semester. Specific guidelines for student teaching and evaluations of your work will be provided. Your observer and CT will make periodic observations and will provide feedback to you. Both formative and summative evaluations will be conducted with the ST, CT, and observer present.
• A schedule is listed for the student teaching experience and for assignments due for the course are included in the detailed course syllabus.
• Check in at the front office of the school each day until you have an official school ID. For security reasons most schools require that you pick up a guest pass before walking through the school. Introduce yourself to the receptionist and to the principal if you see him or her. Learn their names!
• Track any absences on the Absence Verification Form as you go through the semester. The form can be found on the UTeach-Liberal Arts website.
• Dress appropriately and professionally when going to schools. Follow the school’s dress code for teachers. Avoid t-shirts with messages that could be offensive in a high school environment. Don’t wear shorts or inappropriate footwear. (i.e. flip-flops)
• Professionalism is a must! Be on time and prepared. See box below!
• Immediately report any problems to your observer and the coordinator.

If an emergency arises and you MUST miss your SCHEDULED OBSERVATION or LESSON, NOTIFY YOUR COOPERATING TEACHER, OBSERVER, AND YOUR INSTRUCTOR as soon as possible.

Reschedule, and plan to make up your time before the end of your teaching experience.

Avoid missing your teaching assignment due to a transportation problem.

Remember! Your students, cooperating teacher, observer, and instructor are all counting on you.
