

Edward Larocque Tinker Chair in Latin American Studies

Since 1973, when the University of Texas accepted the Tinker endowment, distinguished scholars and practitioners from Latin America have served as holders of the Edward Larocque Tinker Chair in Latin American Studies. Our goal is to simultaneously maintain this tradition of excellence, as we work to help individual departments meet their needs. For information on the Tinker Professorship please contact Carla Lañas, Assistant to the Director, LLILAS, at 232-2409 or clanas@austin.utexas.edu.
