

# Plan II BA Guide, 2012-14

Core Curriculum Requirements		FLEXIBLE REQUIREMENTS
<p><i>These courses are restricted to Plan II Honors students only and have been approved by the Plan II Honors Advisory Committee.</i></p> <p><i>With few exceptions, these courses are taken during the semester and year noted below and may not be fulfilled using other courses or test credits.</i></p>		<p><i>These courses may be fulfilled during any semester, using concurrent enrollment, summer school (at UT or at another institution), or AP, SAT II, IB or CLEP test credits.</i></p>
FALL	SPRING	
<b>First Year</b>		<p><b>Plan II Requirements</b>                      Biology 301E, Plan II<sup>4</sup>                      Math 310P, Plan II (spring only)<sup>4</sup>                      Social Science (S S) 301<sup>1</sup>                      Humanities/Fine Arts<sup>3</sup>                      Non-U.S. History<sup>3</sup>                      Non-U.S. History<sup>3</sup></p>
E/T C 603A World Literature T C 302 First-Year Signature Course (Fall or Spring) Logic OR Modes of Reasoning (PHL 313Q or T C 310)	E/T C 603B World Literature	
<b>Second Year</b>		<p><b>University or College Requirements</b>                      American History                      American History                      Government 310L                      Government 312L, P, or R                      Additional Math/Science                      Visual &amp; Performing Arts                      Foreign Language (a complete lower division sequence)</p>
Philosophy (PHL) 610QA	Philosophy (PHL) 610QB	
<b>Third Year</b>		<p><b>Flag Requirements</b>                      Writing (TC 302)                      Upper Division Writing (typically TC 660HB)                      Global Cultures                      Cultural Diversity in the U.S.</p>
T C 357 Junior Seminar <sup>2</sup> Physics (PHY) 321 (Fall or Spring) <sup>1,4</sup>	T C 357 Junior Seminar <sup>2</sup>	
<b>Fourth Year</b>		<p><b>Electives</b>                      Additional hours needed to meet minimum requirements; can vary by student and is often fulfilled with classes taken for a second major or degree.</p>
T C 660HA Senior Thesis	T C 660HB Senior Thesis	

1. Social Science 301 is typically taken in the second year, and Plan II Physics is typically taken in the third year, however these classes can be moved to different years as needed.
2. The timing of junior seminars, T C 357, can be adjusted to accommodate study abroad; completion of both T C 357 courses is required before starting the senior thesis course, T C 660H.
3. Chosen from approved lists (available on the Plan II website); the two non-US history courses must come from the same geographic region (i.e., Europe, Asia, Latin America, etc.).
4. See additional handout, Plan II Math/Science requirements, for approved substitutions and course options (available on the Plan II website).

**PLAN II STUDENTS SHOULD SEE AN Academic Advisor EVERY SEMESTER**
