

Plan II Peer Mentor Events

Plan II Peer Mentors are encouraged to meet with their pods (or individuals from their pods) as frequently as the pod and mentor agree upon.

At minimum, mentors will meet with their pods once in September to discuss adjusting to college life as well as one Plan II community event, one UT Excursion, and one Austin Excursion from the lists below.

We want mentors to feel ownership over this experience, so bring all your ideas for activities and experiences to the table! If you need a room reserved or wish to coordinate a session with a campus resource (UHS, CMHC, the Undergraduate Writing Center, etc.), we can help with that!

- Joynes Reading Room Events
- Carpenter Lecture
