1. Voltaire's Coffee on Marcel Duchamp's Large Glass: The Art-Science Connection

Plan II students of all ages, phases, and crazes are invited to attend the upcoming Voltaire's Coffee hosted by Professor Linda Henderson of the Art History department, featuring a discussion on Marcel Duchamp's work, Large Glass, and its place in the context of a larger art-science connection. Duchamp's goal was to redefine the artist and art making itself, and he found vital inspiration in contemporary science and technology. What was the science Duchamp was responding to and how was it manifested in the Large Glass, his techno-scientific allegory of quest? This event will take place on Tuesday, March 23, at 7 PM, in one of the Joynes seminar rooms. No registration or pre-reading is required. Light refreshments will be provided. Contact the P2SA Academic Co-Chairs at <pii.academics@gmail.com> with questions, and see the Plan II website for more details.

2. Plan II/ KIPP Partnership Now Accepting Mentors for 2010-2011

Applications are now available to current freshmen and sophomores for the 2010-2011 Plan II/KIPP Mentoring Program and class. Adjunct Professor Grant Thomas, who has thirty years of experience with school-based youth mentoring programs and has served on the KIPP Austin Board since 2003, teaches the class and provides additional assistance. Applications and information are available here <http://www.utexas.edu/cola/progs/plan2/current_stnds/intern/kipp.php> on the Plan II website. Also keep your eyes open for announcements about upcoming info sessions. The due date for applications is April 9. 3. TC 330: Health and Social Policy Formation in the Texas Senate

Fall 2010 - Spring 2011
Plan II students who will be juniors or advanced sophomores next year and who are interested in medicine, public health, law and government are invited to apply for structured internships in the offices of leading Senators in the Texas Legislature. This six-credit, two semester TC 330 course is led by Professor Alfred McAlister at The University of Texas School of Public Health Austin Regional Campus. It includes seminars and training sessions in the first semester, placement in a Senate office with assignment to selected policy issues, writing assignments and student presentations.

Time commitments are for ten hours per week of seminar time and internship work in the Fall and twenty hours per week in the Spring, when the legislature will be in session. These unpaid positions provide a unique opportunity to learn about and contribute to legislative deliberation of policy issues and will be good for six hours of upper-division course credit. Policy issues may include health care funding, public health and preventive medicine, environmental protection, labor safety, international trade and commerce, criminal law, victim services and many other diverse topics.

Fifteen students will be selected for this opportunity. To apply, please provide your name and contact information, expected graduation date, major, plans for postgraduate education, career goals, GPA, résumé, and a brief statement of interests and qualifications. This material should be submitted no later than March 31st at 5:00 p.m. in printed form to Melissa Ossian in the Plan II Office, WCH 4.104.

4. Rowe Koehl Travel Scholarship

Do you have a great idea for a trip that is not directly tied to your academic career?

The Rowe Koehl Travel Scholarship might just be right for you.

This annual award is given to a Plan II student in good standing with the program whose travel promises to address the most interesting idea or question proposed. The award winner is determined by the Director and a committee of his/her choosing.

Applicants should submit a single page description of their intended travel abroad, including an indication of their motivation and what their expectations might be. Preference will be given to applicants whose travel will be abroad to a country or countries with which they have no close family ties or extensive previous experience.

Note that this scholarship is not intended to be coupled with an already-planned Study Abroad experience, nor is it intended to be coupled with or pay for a for-credit program. The spirit in which the award has been given is to encourage travel and learning in a non-traditional setting.

For that reason, this is not a need-based nor is it a scholastic achievement grant. Grade point averages or financial need will not be considered, only the merit of the proposal.

The award winner will be expected to write a letter of thanks as well as a brief narrative account of their travels. Photos are welcomed but are not required.

Send your letter of application to: Phillip Dubov <mailto:planiischolarships@austin.utexas.edu>

6. Texas Institute for Literary & Textual Studies
The inaugural year of the Institute (2009-2010) is focused on "Literature and Religious Conflict in the English Renaissance."
Considering the contemporary and global concern with religious conflict, the Institute will concentrate on the myriad connections between literature and the religious conflict that permeated the Renaissance, from the Reformation to the Counter-Reformation to the seeds of Enlightenment tolerance sown at the end of the period. The subject has elicited a great deal of interest among Renaissance scholars in recent years, and it should be compelling for a large audience of non-specialists as well.

We have scheduled a variety of TILTS activities for Spring 2010. We hope you will be able to join us for at least some of these activities and we welcome any questions you might have.

For more information concerning the spring speakers and the Renaissance Institute generally, go to: <http://www.utexas.edu/cola/depts/tilts-current/>.
