   LBJ Early College High School
   - 7309 Lazy Creek Dr. Austin, TX 78724

   Here's a great volunteer opportunity for Plan II students interested in tutoring, mentoring and community outreach. If you were interested in KIPP, but couldn't get into the KIPP class, this is a terrific outlet. Of course if you're involved with KIPP, but have time to do more, this is another great outlet.

Jaguar Den is a place for students to go and receive academic support after school from 4 - 6:15 p.m. Students need help with homework and projects. The Jaguar Den is located in the LBJ HS library. Once you enter through the main doors, walk directly up the stairs to the library. This year, LJB HS is shifting from a regular high school to an early college high school. They are showing LBJ students that college is attainable and want LBJ students to see college students on the LBJ campus. They would love to have as many college students as possible volunteer to help LBJ students with subjects such as Algebra I, Algebra II, Geometry, Physics, Chemistry, PreCalculus, Calculus, English I, English II, English III, English IV, Word History, U.S. History, Government, and Macroeconomics.

   Contact Mrs. Alexis Campbell, M.Ed., School Improvement Facilitator, at (512) 414-7028 or alexis.v.campbell@austinisd.org, if you would like to volunteer at the Jaguar Den during the 4 - 6:15 p.m. hours.

6. Undergraduate Research Journal seeks submissions
Deadline: Wednesday, February 29 at noon

The Undergraduate Research Journal (URJ) wants your research paper! The one you spent all semester agonizing over and that represents the pinnacle of your work thus far at UT. If you would like others to read it too, and perhaps even cite it, submit it for publication in the journal!

The Undergraduate Research Journal (URJ) is a work of multi-disciplinary research produced and edited by University of Texas at Austin undergraduate students. The journal is published every spring semester and is circulated across campus, as well as across other prestigious universities in the United States.

The URJ is looking for interesting, and lucid pieces that present original ideas. We want research that challenges readers to see an issue from a different vantage point, that considers new ideas, or that synthesizes already-existing works. All disciplines are welcome.

Submissions can include: products of coursework, independent study, supervised research, senior theses, etc. All past [within one year of graduation] or current full or part-time undergraduate students in good standing at the University of Texas at Austin are invited to submit their articles for review.

Visit http://texasurj.com/submission for more information.

The submission deadline for the 2011-2012 school year is February 29, 2012 at 12 noon. The selection process will be completed in March of 2012. There is a $250+ award for the best paper by an upper division student and a $100+ award for the best paper by a lower division student.

Copies of the 2011 journals are in circulation! If you would like one or have any questions, please contact Bobby Jenkins, editor-in-chief, at editorinchief@texasurj.com

7. Sanger Center February workshop
Wednesday, February 29 from 3 - 4 p.m.

8. Junior Fellows applications open
Deadline: Friday, March 23

The Junior Fellows Program was begun in 1959 by Harry Ransom as a means of encouraging academic excellence in the College of Arts and Sciences. At that time it was essentially an honor society to which students were elected at the end of their freshman year. Over the years, the Junior Fellows has evolved into a society of juniors and seniors from the University at large who are engaged in independent research projects under the direction of members of the faculty.

Fellows are required to attend meetings of the group, held every other week in both the fall and spring semesters. Besides project presentations, meetings feature discussions led by eminent scholars from on and off campus. Fellows have the opportunity to participate in field trips, seminars, and other academic activities. It is possible to earn academic credit for work done as a Junior Fellow, by enrolling in the appropriate conference course with the supervising professor. For example, Humanities and Plan II majors usually use their senior theses as their Junior Fellows projects. Students pursuing Special Honors in their major use the honors thesis number. Other non-honors courses are also available, for example ARH 376, E 367C, CH 475K, RTF 336. Fellows should register for the course that is approved by their advisers, fits into their degree plans, and has the right format for the chosen topic. Funds are available to assist Fellows with expenses involved in their research. There is also some money available for Fellows who can demonstrate financial need.

Application Procedure

Application is open to any qualified student from any program on campus who will have completed 60 hours prior to the Fall semester. Junior Fellows normally have a GPA of at least 3.75, but outstanding students whose abilities are manifested in other ways should not hesitate to apply. Although administered by the College of Liberal Arts, the program is open to all qualified students on campus. Many students from outside Liberal Arts are presently members.

For more information contact Dr. Larry Carver (carver@austin.utexas.edu) in the Plan I Honors Office by email or phone at (512) 471-3458.

14. One Million Bones installation in Austin

Saturday, April 28

Bone-making events:
Saturday, March 10
Saturday, March 24
ART 3.408
Art Building (Art Education wing)
Noon - 4 p.m.

One Million Bones is a large-scale social arts practice, using education and hands-on artmaking to raise awareness of genocides and atrocities going on around the world. One million bones will be collected from across the country and installed on the National Mall in Washington DC to offer a visible petition, to remember victims and survivors, to bring awareness to the issue and to call upon our government to take much needed and long overdue action.

On April 28, Road to Washington will see the installation of 2500 bones in Austin and in other capitals across the nation. http://www.onemillionbones.org/

To help meet that goal, we will be hosting several Bone-Making Events:

We will also be hosting several walk-up workshops on most Wednesdays in the Art Education breezeway from 2 - 6 p.m. We will provide clay and take care of firing the bones. We just need bodies to craft the bones.

We will also be looking for volunteers to help on the day of the event, April 28 (more information on this date/event as it develops), to help with ceremonial placing of the bones.

If you could help get the word out or would be interesting participating, that would be a huge help. We have a Facebook group page (One Million Bones - Texas) or you can always check out the project website, www.onemillionbones.org. If someone would like more information, please contact Matthew Remington at matthewsremington@yahoo.com.

The Next Generation Scholars will also participate in the Strauss Center’s Next Generation Project Texas (http://strausscenter.org/nextgen), which brings together the best and brightest talent from around the state to engage in discussions on global policy issues.

The Bridging Disciplines Programs (BDPs) at The University of Texas at Austin allow you to earn an interdisciplinary certificate in one of eleven different concentration areas:

• Children and Society
• Conflict Resolution & Peace Studies
• Cultural Studies
• Digital Arts and Media
• Environment
• Ethics and Leadership
• Global Studies

BDPs combine courses that fulfill core requirements, electives, and courses for your major with unique research and internships that connect your BDP topic with your major and career goals. With planning, the BDP should NOT add time to your UT career. Rather, the BDP helps you choose the courses you already have to take in an integrated way, giving you the opportunity to develop a secondary area of specialization.

One of the goals of the BDPs is to help make your education fit your individual interests and goals. BDP advisors are here to help you find courses, research opportunities, and internship experiences that complement your major, while also supporting you in developing knowledge and experience you would not otherwise find within your degree plan.

Are you interested in learning more about the Bridging Disciplines Programs? Come to an Information Session with BDP Advisors.

Can't make it to an info session? Call (512) 232-7564 or stop by FAC 1 to make an appointment. Visit our website for more information: http://www.utexas.edu/ugs/BDP

from the Plan II office and the Plan II Student Association and performances and exhibits by Plan II students.

Read the newsletter to learn about courses, registration, advising, job opportunities and special events.

2. Submitting to Plan2News
Please keep in mind that although Plan2News enjoys a substantial and diverse readership, its circulation is still relatively small. It should not be relied upon as the sole advertisement for a position or an event. To reach a wider audience, please use university-wide electronic and paper advertising outlets.

Personal and political announcements will not be published in Plan2News. Job and internships announcements must be sent to the Liberal Arts Career Services office, after which they may be considered for publication in the newsletter.

To place a news item in Plan2News, you must do the following:
• Type your news item in the body of an e-mail to planinewsletter@austin.utexas.edu.
• In the subject line, write “Plan2News” exactly.
• Give the name of a contact person with phone number or e-mail address.
• Provide an activity date or a deadline.
• Do not use “we” or “I.” Please write your submission in third person.
• Write in complete sentences and use correct grammar.
• News items will run until your deadline or through two issues of the newsletter if no deadline is provided.
• The text of submitted newsletter items (including job and internship postings) must be fewer than 150 words, not including headline and contact information. Please edit your entries to this length before submission. An overly lengthy entry will be returned to its sender and will not appear until this standard is met.
• Send your news item to planinewsletter@austin.utexas.edu no later than 3 p.m. on Monday (for the Tuesday letter) or 3 p.m. on Thursday (for the Friday letter). The 3 p.m. deadline is final. Do not send your message to any other address. No one else can approve news items for inclusion in the Plan II newsletter and no other address will be used to receive entries.
