ACADEMIC ANNOUNCEMENTS

REU Summer 2014 Program
Undergraduate Research in Race, Ethnicity, and the Demography of Crime and Punishment

Population Research Center and Department of Sociology, UT-Austin
The Population Research Center at the University of Texas at Austin, in collaboration with the Department of Sociology, is hosting the Research Experience for Undergraduates (REU) program in Race, Ethnicity, and the Demography of Crime and Punishment for the summer of 2014.

This eight-week summer program, which is held during June and July and is funded by a grant from the National Science Foundation (but also with significant contributions from the UT Population Research Center, Department of Sociology, and College of Liberal Arts), offers eight very selective upper-division undergraduate students from both UT-Austin and from around the country the opportunity to study social demography through course work and a mentored research experience with senior PRC graduate students. The program pays for tuition, room and board, and computer expenses. REU students also receive a $4,000 stipend for participation in the program, which allows the selected students to fully concentrate on their REU experience over the 2-month program.

Students participate in a 3-hour summer course during the first half of the program, then dedicate the second half of the program to their own projects in collaboration with their graduate student mentor and under the overall guidance of the faculty co-directors, David Kirk and Keith Robinson. Student papers are then presented in the fall at a specified professional conference.

This program is specifically geared toward students with junior standing who are seriously thinking about attending graduate school in the social sciences and, particularly, in sociology or demography.

The 2014 summer REU Program application deadline is FEBRUARY 16, 2014. See http://www.utexas.edu/cola/centers/prc/training/undergraduate.php for details about the REU program and the program application, as well as information about other research and training programs of the UT Population Research Center.

Analecta Literary Journal

WRITERS AND ARTISTS: Looking to share your work? Want to see your name in print? Get published by Analecta, the official literary and arts journal of UT. We are now accepting writing and artwork submissions for our next publication. Poetry, fiction, nonfiction: there’s a $75.00 prize per category! Visit www.analectajournal.com for information and guidelines. Submissions are due by Friday, December 18th, 2013.

Undergraduate Research Journal

The Undergraduate Research Journal (URJ) is calling for submissions from students who have conducted and completed research. Whether the research was a product of a class, capstone, thesis, or independent inquiry, we encourage students to submit their work for consideration for publication in the journal.

In addition to being a source of pride in one’s work, publication in the journal is a marketable achievement that can help students become more competitive applicants for jobs and graduate schools. As an additional incentive, the URJ offers prizes of $200 to the author of the best paper, and a $100 prize to the author of the second-place paper.

The deadline for submissions is February 19, 2014. Requirements are listed on our website under the “submissions” tab and can be accessed at http://texasurj.com/submission/

Special GOV 312L Section -- Washington Campus Program

If you have not yet fulfilled your GOV 312L requirement, please consider registering for a section that includes a special educational experience with the Washington Campus Program (WCP) in our nation’s capital.

In recognition of the tremendous impact that politics and regulation have upon the environment in which companies do business, the WCP has for 35 years provided educational experiences to more than 20,000 MBA students, including many from UT.

In spring 2014, McCombs’ BGS Department, in conjunction with the Government Department, is offering for the first time a special section of GOV 312L that will give UT students a WCP experience comparable to that enjoyed by MBAs.

During an intensive week in Washington D.C., students will hear from and interact with leaders from every sector of the Washington power circle. Typical speakers include Senators, Representatives, Congressional staffers, senior policy advisors at Fortune 500 companies, presidents of think tanks, influential lobbyists, and leaders of federal agencies. Past speakers have included Vice President Dick Cheney, Fed Chairman Ben Bernanke, and (then) Senator John Kerry.

The class is composed of four sessions in Austin with BGS Professor David Spence and a mandatory trip to Washington DC.
Enrollment in the course carries a $1,200 student fee to pay for the programming in Washington, DC, which is substantially cheaper than that paid by MBAs. Students must also pay for air fare and lodging for the five days in Washington, which we will assist in lining up.

Have any questions? Just visit the Washington Campus website--http://www.washcampus.edu/, or e-mail Professor Spence or Robert Prentice, chair of the BGS Department. David.Spence@McCombs.utexas.edu or Robert.Prentice@Mccombs.utexas.edu.

UT Southwestern Medical Center
Summer Undergraduate Research Programs

For the 21st consecutive year, UT Southwestern Graduate School of Biomedical Sciences is sponsoring the Summer Undergraduate Research Fellowship (SURF) Program. The goal of SURF is to give students an intensive, 10-week research experience in a world-class research environment. Students immerse themselves in the laboratory and work on individual research projects with UT Southwestern Graduate School faculty. Most areas of modern biomedical engineering, cancer biology, cell biology, molecular biology, biochemistry, genetics, immunology, microbiology, neuroscience, and pharmacology are represented.

In addition to research, SURF provides seminars, optional classes in Immunology and Genetics, social events, and an end-of-program poster session. We have increased the number of fellowships for SURF to 85. The SURF website and online application can be found at www.utsouthwestern.edu/SURF.

For the 10th year, UTSGSBS is also sponsoring the Quantitative and Physical Science Summer Undergraduate Research Fellowship (QP-SURF) Program. This program, initially funded by a NIGMS training grant and now funded internally, will accept 10 students who are earning their undergraduate degrees in the field of biomedical engineering, mathematics, computer science, physics, or chemistry. The goal of QP-SURF is to give students an intensive, research experience and demonstrate to students in the physical and quantitative sciences how their knowledge and skill sets are applied in a biomedical research setting. QP-SURF students would carry out their 10-week research project in a biomedical engineering, biophysics, computational biology, or quantitative/analytical chemistry laboratory. QP-SURF students also participate in seminars, optional classes in Immunology and Genetics, social events, and an end-of-program poster session. The program website and online application for QP-SURF can be found at www.utsouthwestern.edu/QP-SURF. For the 2nd year, UTSGSBS is highlighting opportunities for undergraduates interested in research at the interface between chemistry and basic biomedical research. We hope you will bring this opportunity to the attention of your chemistry students.

All of the summer programs will run from June 2nd through August 8th, 2014. Participants will be selected based on their letters of reference, course work, and experience. The stipend for the 10-week program is $4,000. If a fellow requires housing, the costs will be covered by the program; however, fellows are responsible for paying their own travel expenses. Application deadline is February 9, 2014.

Flu Shots for Students

Getting a flu shot is the best way to prevent the flu.

The US Centers for Disease Control and Prevention recommend that everyone gets a flu shot every year, unless there are medical reasons they shouldn't. It takes about two weeks after getting the shot to have optimal protection. Flu season usually starts in October. The flu shot won't give you the flu. UHS administers the inactivated virus flu vaccine. The viruses in inactivated vaccine have been killed, so you can't get the flu from the shot.

Insurance billed for: Students with health insurance (except for HMO plans, plans underwritten by insurance companies based outside the United States, or government plans such as Medicare, Medicaid, and Tricare).

NOTE: If your insurance plan won't pay for a flu shot charge after UHS files a claim, the unpaid balance will be billed your What I Owe. You will be responsible for paying that amount. Insured Students Only - Speed up your flu shot clinic check-in! Enter your insurance information in advance online if you haven't done so for a prior UHS visit at MY UHS: https://portal.uhs.utexas.edu/login_directory.aspx

Students with no insurance, HMO plans, insurance plans with companies based outside of the United States or government plans such as Medicare, Medicaid, and Tricare: $10 charge.

Read the newsletter to learn about courses, registration, advising, job opportunities and special events.

Submitting to Plan2News
Please keep in mind that although Plan2News enjoys a substantial and diverse readership, its circulation is still relatively small. It should not be relied upon as the sole advertisement for a position or an event. To reach a wider audience, please use university-wide electronic and paper advertising outlets.

Personal and political announcements will not be published in Plan2News. Job and internships announcements must be sent to the Liberal Arts Career Services office, after which they may be considered for publication in the newsletter.

To place a news item in Plan2News, you must do the following:
• Type your news item in the body of an e-mail to planinewsletter@austin.utexas.edu.
• In the subject line, write “Plan2News” exactly.
• Give the name of a contact person with phone number or e-mail address.
• Provide an activity date or a deadline.
• Do not use “we” or “I.” Please write your submission in third person.
• Write in complete sentences and use correct grammar.
• News items will run until your deadline or through two issues of the newsletter if no deadline is provided.
• The text of submitted newsletter items (including job and internship postings) must be fewer than 150 words, not including headline and contact information. Please edit your entries to this length before submission. An overly lengthy entry will be returned to its sender and will not appear until this standard is met.
• Send your news item to planinewsletter@austin.utexas.edu no later than 2 p.m. on Monday (for the Tuesday letter) or 2 p.m. on Thursday (for the Friday letter). The 2 p.m. deadline is final.
