2013 Texas Conference on Civic Life

The Annette Strauss Institute for Civic Life and the National Conference on Citizenship recently produced the Texas Civic Health Index, the first-ever nonpartisan, state-wide evaluation of political and community engagement in Texas. The study found that Texans may be living with an undiagnosed crisis of civic health.

In 2010, Texas ranked:
51st in voter turnout among the 50 states and Washington, D.C.
49th in the number of citizens who contacted public officials
44th in the number of people who discuss politics

We can do better.

Like human bodies, societies can survive with less than optimal health, but sooner or later, the costs of poor civic health will be felt - in decreased government accountability and increased citizen disaffection. The Texas Conference on Civic Life will bring together citizens from across the state and partisan aisles to discuss the future of civic engagement and how we can work together toward greater civic health.

Together, we will put our crisis in context with the help of nationally renowned experts and scholars and learn from other concerned citizens the innovative methods and tools they use to engage, activate, and inspire.

Flu Shots for Students

Getting a flu shot is the best way to prevent the flu.

The US Centers for Disease Control and Prevention recommend that everyone gets a flu shot every year, unless there are medical reasons they shouldn’t. It takes about two weeks after getting the shot to have optimal protection. Flu season usually starts in October. The flu shot won’t give you the flu. UHS administers the inactivated virus flu vaccine. The viruses in inactivated vaccine have been killed, so you can’t get the flu from the shot.

Insurance billed for: Students with health insurance (except for HMO plans, plans underwritten by insurance companies based outside the United States, or government plans such as Medicare, Medicaid, and Tricare).

NOTE: If your insurance plan won’t pay for a flu shot charge after UHS files a claim, the unpaid balance will be billed your What I Owe. You will be responsible for paying that amount. Insured Students Only - Speed up your flu shot clinic check-in! Enter your insurance information in advance online if you haven’t done so for a prior UHS visit at MY UHS: https://portal.uhs.utexas.edu/login_directory.aspx

Students with no insurance, HMO plans, insurance plans with companies based outside of the United States or government plans such as Medicare, Medicaid, and Tricare: $10 charge.

Oxford English Program

The Department of English at The University of Texas at Austin has sponsored a summer program at Oxford since 1984. The Oxford Summer Program gathers students to enjoy life and literature at the University of Oxford, the oldest English-speaking university in the world. In Summer 2014, the Program will be housed in Wadham College. Students take one or two upper-division English classes and enjoy many field trips and theatrical performances. Intensive and demanding, the Humanity in Action Fellowship brings together international groups of university students and recent graduates to explore national histories of discrimination and resistance, as well as examples of issues affecting different minority groups today.

Each program is highly interdisciplinary and features daily lectures and discussions with renowned academics, journalists, politicians and activists, as well as site visits to government agencies, non-profit and community organizations, museums and memorials. The programs seek to highlight different models of action to remedy injustice.

The objective of the Humanity in Action Fellowship is to facilitate a collective exploration of the social and political roots of discrimination, as well as to provide a forum where potential solutions to some of today's most challenging issues can be considered and discussed. The programs are also intended to instill a responsibility among Humanity in Action Fellows to recognize and address the need to protect minorities and promote human rights—in their own communities and around the world.

Sports Illustrated Internship

Intern with SI Magazine in NYC while remaining a full-time student.

The program: Sports Illustrated offers a full-time, paid internship, which allows qualified UT students to earn up to six hours of academic credit, depending on internship guidelines in each college or academic unit.

As an intern at Sports Illustrated, your primary job will be as a fact-checker for stories that will appear in the weekly magazine. Your ability to pay strict attention to detail will be crucial, and you'll apply both research and problem-solving skills while also drawing upon your knowledge of current events. You'll work a four- to five-day week, depending on your assignments for the Sports Illustrated weekly magazine and Sports Illustrated Presents, which produces commemorative issues. (SI has also welcomed two photo interns from UT, and they have worked mostly for the weekly magazine.) While at SI, interns will have the opportunity to sit in on weekly editorial meetings and, separately, to brainstorm story ideas to pitch for publication. (Some interns have been published in the SCORECARD section of the magazine and some on Sl.com.)

Enrollment in the College of Communication is not a prerequisite for application to SI. Writing samples, whether from The Daily Texan or from an English, political science or art history class, must be strong. SI looks for hardworking, inquisitive individuals who pride themselves on being precise and on turning in immaculate work. Cover letters and résumés with typos will not be considered.

Qualifications: All UT undergraduate and graduate-level students who meet the eligibility requirements to complete an internship for academic credit may apply. Intern applicants are encouraged to consult with their academic advisers about specific internship requirements and to ensure eligibility for a semester away from campus.

Application deadline and process: Interested candidates should submit the following application materials as PDFs, when applicable. Audio, video and photographic or design work samples should be attached, appropriate to the medium. Incomplete applications will not be considered.
- Cover letter that states why you are interested in interning with Sports Illustrated and what area(s) of journalism you hope to experience as an SI intern
- Professional résumé
- A letter/email of recommendation from a UT faculty member (professor or lecturer, not a teaching assistant)
- A letter/email of recommendation from a current or former internship or job supervisor
- Three work samples that illustrate relevant journalistic skills (writing, editing, layout and design, photo, multimedia, social media, broadcast, etc.)

Submit the application via email to Professor Wanda Cash: wgcash@mail.utexas.edu

Fall internship: first Monday in April
Spring internship: first Monday in October
