

ART FROM THE STREETS INTERN/Social Media

About Art From The Streets

Art From the Streets believes that making art is good for everyone. The mission of Art From the Streets (AFTS) is to provide a safe and encouraging environment in which the positive spirit of homeless and at risk homeless people is nurtured through artistic expression, and to provide them with a source of pride and income through the sale of their work.

AFTS has supported hundreds of homeless people in the making of art through our open studio sessions, and the sale of their work through our annual shows. Thousands have attended our annual shows over the years, generating art sales for more than 100 artists. Through its annual shows and open studio sessions, AFTS fosters awareness of and compassion for our homeless neighbors. It restores a sense of connection and community disrupted by the isolating stigma of homelessness, and helps nurture *all* of our spirits through the creation of art.

Position Duties

- Initiates/participates in publicizing, marketing events, and social media (ie Instagram & Facebook)
