Internship Program

About Austin Classical Guitar

ACG is the largest classical guitar nonprofit organization in the United States. Our broad-ranging programming includes multiple concert series, education, and social services. Perhaps our most significant contribution is a groundbreaking approach to classroom guitar instruction that is changing music education in American schools. We work extensively with incarcerated youth, the blind and visually impaired population, parents in challenging circumstances, and medical patients, to use music to lift spirits, and combat isolation.

Visit AustinClassicalGuitar.org for more information.

Internship Commitment

10 hours per week, at ACG offices (5900 Balcones Dr, Suite 240, 78731)
12-15 weeks
Spring Semester 2019

Programming Options

Events
Education
Social Service

Skills

This internship is designed to benefit both the intern and ACG. In that spirit we will conduct an entrance interview to best assess what current skills you wish to build upon, or what experience you may lack that you wish to gain. A background in classical guitar or music is not required. Internship may focus on Production, Communication, Programming, Administration, Fundraising, or some combination of the above.

Contact

To apply please send a resume and letter of interest to:
