

REGISTRATION ADVISING WORKSHEET

Complete this worksheet prior to meeting with your advisor.

What major(s) are you considering at this time? Other colleges? Programs (pre-med, pre-vet, etc.)?

Review the degree plan or requirements for these majors or programs. Have you identified the requirements for these majors, colleges, or programs? If so, what are they?

In the chart below, list the courses you are considering for next semester. Be sure you meet the prerequisites for the courses you select. Try to keep a balance between core requirements, exploratory courses, and types of courses.
