These experiences involve the observation of elementary, middle, and high school classrooms and are designed to be sequential, cumulative, and performance-based, while preparing our graduates to implement and evaluate effective practices with diverse student populations. Our future teachers engage in field experiences that assist them in mastering their subject knowledge and pedagogical skills, learning how to work collaboratively with stakeholders, developing dispositions to be active citizens, and offering students the opportunity to develop these characteristics themselves.

Required Coursework for Student Intern

UTL 101 - Introduction to the Teaching Profession
UTL 101 is the first course that students are expected to complete in the UTeach-Liberal Arts Program. This course focuses on the basics of lesson design, the learning environment, class management, and professional responsibilities. Attendance Policy for Student Intern

University Attendance Policy

Regular attendance at all class meetings is expected. Instructors are responsible for implementing attendance policy and must notify students of any special attendance requirements. Special regulations of colleges and schools, required by the unique nature of their programs of study, may be enacted through the normal approval process. These special regulations may not conflict with University regulations on class attendance and absence.

Religious Holy Day

A student who misses classes or other required activities, including examinations, for the observance of a religious holy day should inform the instructor as far in advance of the absence as possible, so that arrangements can be made to complete an assignment within a reasonable time after the absence.

Absence for Military Service

In accordance with section 51.9111 of the Texas Education Code, a student is excused from attending classes or engaging in other required activities, including exams, if he or she is called to active military service of a reasonably brief duration. The maximum time for which the student may be excused has been defined by the Texas Higher Education Coordinating Board as “no more than 25 percent of the total number of class meetings or the contact hour equivalent (not including the final examination period) for the specific course or courses in which the student is
currently enrolled at the beginning of the period of active military service.” The student will be allowed a reasonable time after the absence to complete assignments and take exams.

**Professional Liability**

Student interns are entitled to the same protection of the law accorded to teachers and administrators. This protection does not apply in cases where there is use of excessive force in the discipline of students or negligence resulting in bodily injury to students. Nor does the protection apply to the operation or use of any motor vehicle. In addition, they should not be left without a certified teacher. If these rules are violated or a student intern has been placed in an uncomfortable situation, a UTLA instructor or staff member should be contacted immediately.

The University does not provide liability insurance to student interns. Insurance coverage can be purchased by student interns and is offered by organizations such as the American Federation of Teachers (AFT), Association of Texas Professional Educators (ATPE), Texas Classroom Teachers Association (TCTA), and other professional teacher organizations.

**Individual Development Plan**

When a student teacher is struggling, the UTLA instructor has the option to create an Individual Development Plan (IDP) to support growth in the student teacher’s identified areas of need. Anyone supervising a student teacher in the field may refer the student for evaluation for an IDP at any time as long as they have a rationale and proper documentation.

The IDP provides a description of performance issues, target goals, deadlines, and consequences for failing to meet those goals. The UTLA instructor will meet with the student teacher to review and monitor the student’s progress and discuss the results of the IDP.

**Electronic Media Policy**

Electronic media includes all forms of social media, such as text messaging, instant messaging, electronic mail (e-mail), web logs (blogs), electronic forums (chat rooms), video-sharing web sites, editorial comments posted on the Internet, and social network sites. Electronic media also includes all forms of telecommunication, such as landlines, cell phones, and web-based applications.

If a UTLA student chooses to use a social network site or similar media for personal purposes, they are responsible for the content of their page, including content added by the UTLA student, the UTLA student’s friends, or members of the public who can access the UTLA student’s page, and for web links on the UTLA student’s page. The UTLA student is also responsible for maintaining privacy settings appropriate to the content.

UTLA students must read and understand the district electronic media policy and receive written permission from their CT before any exchange of electronic media occurs with students. If permission is granted, electronic media may be used to communicate with currently enrolled students about matters within the scope of the UTLA student responsibilities. UTLA students’
use of electronic media to communicate with currently enrolled students for social reasons is prohibited.

**Code of Ethics Policy**

Per Texas Administrative Code (Title 19, Part 7, Chapter 247, Rule 247.2), UTLA students shall comply with the Code of Ethics and Standard Practices for Texas Educators. UTLA students shall also comply with standards of conduct set out in this policy and with any other policies, regulations, and guidelines that impose duties, requirements, or standards attendant to their status as UTLA student interns. Violation of any policies, regulations, or guidelines may result in disciplinary action, including termination from the teacher certification preparation program.

**Substitute Teaching and the Student Intern**

School districts in the area have different policies when it comes to substitute teaching. UTLA policy does not permit UTLA student interns to substitute while enrolled in a UTL course. After completion of the course, student interns are free to be paid substitutes for any school district.

**Stipends**
